

Recruitment To Participate In Signature Event, Fundraising & Awareness Campaign

Canuck Place Children's Hospice is a leader in pediatric palliative care – locally, nationally, and internationally. As such, the Communication & Marketing team supports the organization with ongoing education and awareness of the Canuck Place program and to support fundraising for care provided for children and families. The team regularly develops and promotes family experiences and stories through visual communications, like newspapers, digital advertising, social media, and videos.

This opportunity will highlight to donors in various ways, the important and impactful interdisciplinary care Canuck Place provides children and families across the province. This includes sharing family story through photos, videos, direct mail, gala speech, and written interview content across all CPCH communication and marketing channels. While we will share this content primarily in the **January–March 2025** timeframe, content will also be used in ongoing communication initiatives.

We hope to select one family living in the Fraser Valley area, who accesses many aspects of the Canuck Place program including respite, recreation therapy, counselling, and more.

The commitment for this engagement opportunity will take place:

- January–March 2025
